**Below** Bible School students hold a revival in another new area church being built.

## BIBLE SCHOOL IS GATS-APPROVED SCHOOL At The Two Year Associate Degree Level

We are very happy that the Thailand Bible School has attained full accreditation by the **Global Association of Theological Studies** of the United Pentecostal Church International (abbreviated as **GATS**).

The accreditation is as an Associate Degree Level GATS School which requires a minimum of 1500 hours of instruction in GATS-approved courses using GATS-approved instructional material. Our school has a total of 51 subjects being taught for a total of 1688 hours to graduation. The students must live at the school and study 48 weeks per year for two years to graduate.

Having the instruction at the school adhere to the GATS curriculum and course materials will give assurance to you, our **Partners**, that your support is used for instruction that is doctrinally correct in all aspects.

## New Graduate & New Milestone

**Above** Bible School latest graduate is teaching the students as his final "test" on graduation day.

**Below** Celebration of the Fudala's **one year Milestone** of ministry in the city of Chiang Mai.

Bro. Jerry and Sis. "Thea" Fudala have been "AIMers" for one year with amazing results! They are now continuing their ministry as a next step as Associate Missionaries. Thailand is blessed!
