How Valuable Is Our Partners' Support of the Bible School? - Here are Five Examples!

"Bible School Staff" - "Not Only Thailand"

Our Bible School Dean and the four teachers are all our own Bible School graduates, and have some 13-18 years of experience teaching at the school.

One of our new graduates from the nation of Laos is bringing Truth to Laos by way of conducting house services like this.

"Trained Pastors"

To an ever-increasing extent Bible School graduates are the pastors, worship leaders, and musicians in our churches.

"Holding Revivals"

Our newest Bible School graduate from the nation of Laos ministers in the Hmong language during a revival for Thai Hmong people.

The Bible School provides short term support to many of the newly graduated students to intern as ministers in various local churches.
