There is a New Beautiful Church in Thailand! The Khok Gruat Church dedicated on December 15 was able to be built because of sacrifices by saints in a USA church.

Six of the Thirteen Two-Year Graduates During 2018

Six New Graduates! - This past Quarter we have had six students complete their two years of studies! The married couple on the left are the fourth couple to ever study together at the school. Because it is a boarding school we are not able to have single ladies study at the school. We are very happy that there are some ladies able to study to gain this knowledge to help others.

2018 Annual Ladies Conference

The Lane's ministry created quite good involvement greatly helping the ladies to express themselves to the Lord. The evening services were some of the most impactful ones ever experienced here in a Ladies Conference!
