First Quarter - 2017 Jack & Michiko Coolbaugh

Baptisms !

A recent convert from Buddhism is very happy that her grandchildren are now baptized. Our Bible School Principal, Bro. David, evangelized her village.

Graduate Retreat

Many of our graduates came to this retreat to be refreshed in the Spirit and gain new insight on how to reach the lost. James Varnum, "Thea" Fudala, Arnold Mangus, Gregory Byers and I were the foreign ministers encouraging this group so critical to Thailand's future.

Refugee Camp & Mae Sot - Two New UPC Churches !

Above: These folks locked into a Burmese-Karen Refugee Camp in Thailand are hungry to worship. Our Bible School Dean said **"We went there to revive them, but they revived us!"**

Left: This is a new small church group in a nice building. They are very happy we met them and they are now becoming a member of the UPC of Thailand!

First-Ever Akha Revival

The Bible School staff and students helped host this revival. Revival is not just ministering, worshipping and praying, but it is also tasks like washing dishes, laughter, enjoying a "million-dollar view", preaching in Thai and interpreting to Akha. Shown above, Mark 9:41 is written in Akha.

2017 Annual Thailand General Conference

Left: The Team that Brother Cunningham brought is praying for the Thai Board and attendees. There were 199 that testified to receiving the Holy Ghost, and over 200 reported receiving healing touches.

Below: "Goliath's sword" given to the Thai Board, snakes killed, eagles soaring, and foot prints missing where the Lord carried us.
