Revival

(Bro. Buay)

In March, the Bible School staff and students traveled 500 miles to northeastern Thailand to conduct a teaching and evangelistic revival for three area churches. About 100 people gathered in this small community for the three days focused on teaching Christian Living, and two attendees received the Holy Ghost at the revival!

The 2005 General Conference February 1-4 was well-attended with 90 filled with the Holy Ghost. Missionary Steve Willoughby (top left) and Regional Director Lynden Shalm (top right) were the featured Conference speakers. Others speaking were Bro. Bunthean Nhothsiri (shown top center interpreting for Bro. Shalm), Bro. Frank Poling, Bro. Wai Keong Heng (Singapore Church) and Missionary Jack Coolbaugh. We are looking forward to even greater events next year at the dedication of the Cole Tabernacle here in Thailand.

In January, the Bible School Superintendent (Duangden Laodee standing far right) traveled with two District Superintendents and another minister for two weeks to eleven of our churches to advertise the Bible School and its value to the parents. This has resulted in greater visibility for the Bible School and we have received six new students as a direct result of this promotion.

- Four acres of hill side land were purchased from the people in this photo for what reason? And what role does the Bible School and its staff have in the future for this land some 25 miles from the Bible School itself?
