February - April 2008 Jack & Michiko Coolbaugh

Preaching in Thai

Interpreting to Lahu

### First-Ever Lahu Revival!

In April the Bible School brought together three area UPC "Hill Tribe" churches of the Lahu people for a revival conducted in their native language. The Friday night through Sunday night revival had three services each day along with another three hours of instruction in the Word each day. Three of our Lahu Bible School graduates (right)

provided the teaching, and the area pastors along with myself and other Bible School graduates ministered in the services. This revival was possible because of our of you, our faithful **Partners**.

**THANK YOU!**

**A Happy Couple**

### Youth Camp!

Ten Baptized - along with an unrecorded number filled with the Holy Ghost in the annual Thai Youth Camp! There was a wonderful attendance of 220 young people during these four exciting days. Bro. Ed Simmons invited Bro. Raymond Woodson (upper left photo), the Washington District Youth President, to come to the Youth Camp to minister each evening with Bro. Jack Coolbaugh interpreting. You as our **Partners** are helping to reach this end-time generation and their families!

### Outreach!

Our student (upper left) invited our school to minister to his family's small independent Oneness church which someday may join with UPC.
