

UPC of Thailand Bible School Newsletter

"Isaac. A. Keyes Memorial Center for Christian Studies"

February 2011 - April 2011 Jack & Michiko Coolbaugh

A note from Bro. & Sis. Coolbaugh

"The best thing that has happened to Thailand."

This is a quote from senior USA ministers about the value of the ministry through the Bible School. During the twelve years since the Thailand Bible School was founded it has taken on many roles. Starting as a learning center for ministerial candidates, it immediately became a center for lost young men and women to find salvation. This was quickly followed by travels to different areas of Thailand by school staff and students to hold revivals and help build churches.

Not long after, the first-ever annual ministers training seminars were held at the school, resulting, among other benefits, in the first coordinated outreach to children in our churches and conferences. Now, in 2011, the school is sponsoring five new graduates in opening the first-ever UPC Home Missions Church in Metro Chiang Mai, an area of one million souls.

This outreach into the second-largest city of Thailand is possible because of the support of our **Partners, individual donors, and the UPC of Japan** which has partnered with Thailand to help the lost find salvation. Even in these times of economic distress, you have continued to provide support, and in some cases, have increased support for the ministry provided through this school. The school is experiencing both steep increases in prices and a worsening exchange rate and we are grateful for the additional giving that has come. God is able!

May the Lord Bless Each of You!

Bro & Sis Coolbaugh
