

2015 Youth Camp - Building the "Next-Generation" . . .

Youth Camp is a pivotal event in the lives of those attending. Besides learning more about living for the Lord and having their many questions answered, they also learn that one can live a Godly lifestyle and still have fun, which is important to a young person. They have opportunity to see that there are hundreds of young people living for God as they are, and they build life-long friendships from these annual events, and often meet their future spouses. **The benefits of Youth Camp for the coming generation cannot be overstated.** We are thankful that through our many **Partners**, we are able to give generously to help fund this annual event.

The 2015 Youth Camp ministered to by Brothers **Chad Douglas** (L) and **Bunthean Nhothsiri** (R) had 177 youth registered and eight witnessed to receiving the Holy Ghost! This is the "Next-Generation", many of whom go on to attend our Bible School and become future ministers and leaders. But there is an **unheralded activity** that takes place at our General, Youth and Ladies Conferences . . . this is the "Children's Church" shown below reaching the "Next to Next-Generation". **Our Bible School graduates** conduct these activities, and how very blessed are the children that are reached at such a young age! This is a blessing you, our **Partners**, are helping support!

. . . And the Next Generation to That

Learning

Praying

Graduations

Brother Rawi and Brother Somchai are our two newest graduates this past Quarter. They have completed two full years of studies and are ready to minister!
