

Thailand Bible School Newsletter

April - June 2007 Jack & Michiko Coolbaugh

Ten New Graduates in 2007 !

To the six graduates in the first quarter of 2007 we have now added FOUR MORE (shown on the four corners of the above photo.) We now have 44 young men who have completed two full years of studies taking 92 weeks of classes for a total of 144 quarter credit hours.

These young men are well equipped to be totally qualified ministers of the Gospel to the nation of Thailand, and many many Thai people will find salvation because of them.

34!

NO ROOM! Was the message the Superintendent of the Thailand Bible School sent to us this past month. After three years of class sizes of 15-17 students, we have focused on recruitment and have finally reached our goal of 25 students! But since the school dormitories are designed to accommodate only 32 students, there is a little crowding right now... **a good problem to have!**

Being on Deputation in the USA we don't yet have a group photo of this new class of students but it must look something like the above simulation. We are **THRILLED** with what the Lord is doing in Thailand through you, our **PARTNERS IN MISSIONS** who support this school!

Deputation Scenes

We were blessed to be able to hear Sister Nona Freeman talk and to spend some time with her in private conversation.

Sister Coolbaugh displays Thai handicrafts at one of the churches we visited on deputation.
