A Day of Small Beginnings . . . Cannot Be Despised

See Zech 4:10

April 2006 – It was enough . . . for a Beginning . . .

A new church was planted in Mae Hong Son, the Land of the Long Neck Tribe. The land was purchased with donations through the Bible School and a bamboo church was built. It was a small beginning, but the pastor and church members were very happy!

June 2011 – The Small Beginning in 2006 bringing more glory to God!

Once again donations through the Bible School are greatly helping to build a much larger, permanent church in place of the bamboo church. Also three of our graduates are donating their time to help in the construction. **THANK YOU PARTNERS!** Every dollar that you donate to the Bible School is being used in many ways to reach out to the people of Thailand.

These are HEAVY!
