"Isaac. A. Keyes Memorial Center for Christian Studies"

May 2013 - August 2013 Jack & Michiko Coolbaugh

DEPUTATION 2013 !

On the road at last! A long flight from Thailand to Portland Oregon where we bought a "home on wheels" to live in for the next 15 months. This should save thousands of dollars in hotel bills and perhaps a few inches off of Brother Coolbaugh's waste line (no need to eat every meal out.)

Over 3,000 miles driving from Oregon to UPCI World Evangelism Center in Missouri, taking in some of the history and beauty of our lovely homeland!

Back to School !

Every returning missionary is blessed to be able to go to a "School of Missions" held at the World Evangelism Center. It was a wonderful time of study, spiritual refreshing and fellowship.

NEW GRADUATES !

It is thrilling when two young men graduate after two years of full time study and worship, especially as most of them came to the school as Buddhists, Animists, Catholics, Protestants or altogether without religion in their lives. They come because they are tired of their worldly lives and are searching for something real and better. Those that stay for a few months find what they are yearning for . . . a life filled with joy, honor and meaning through a Holy-Ghost-Filled life in Jesus!
