

Thailand Bible School Report

July - September 2003 Jack & Michiko Coolbaugh

For the second year, the Thailand Bible School was again blessed this past quarter in being able to host another Advanced Ministers Training Seminar for all licensed Thai ministers. In the photo to the left is Brother Richard A. Perry, pastor from Warren Texas ministering with Sister O translating. In the photo to the right is Brother Stuart Lassetter of Leadership Development International ministering with Sister Thea translating. In the picture below, UPC of Thailand Superintendent Chaiyong Wattanachant is ministering. The ten day seminar was a great blessing to the 63 ministers, 19 Bible School students and 18 guests that attended. The background photo shows the attendees in front of the school learning center where the training was held. This type of training is only possible because of you, our many faithful Partners in Missions ... Thank You!!!
