The UPC of Thailand now has a web presence focusing on activities of the Thailand Bible School and other activities of note throughout Thailand! The photo on the left is a view of the "Bible School Photo" web page at [www.thailandupc.org](http://www.thailandupc.org).

Many of the web pages on this site are open to the general public to peruse, but there are several pages that are created specifically for the benefit of our **Partners in Missions**. To access these "**Partners Only**" pages, it will be necessary to enter your email address which you have given to Foreign Missions Division and a password. The initial password is "password" but this may be changed to any desired password after accessing this password-protected section. If any of our partners are not able to sign on, please "**Contact Us**" through the web site and provide us with your current email address so we can correct our database.

We are grateful for all of our **Partners** who are supporting the Bible School in Thailand and we hope that this new way of communication will be a blessing to our many partners. We intend to have monthly updates on this website.

How can Bible School graduates help support themselves as they work in the Ministry when tithes are scarce or non-existent? One answer is learning the skill of barbering. The Bible School has been funding such schooling for these three capable young ministers.

This new skill will not only help them "make ends meet" but is also a wonderful talent to acquire a "captive audience" to talk to about the Lord while cutting hair. And, of course, here in this photo they truly have a "captive audience" to practice on . . . our Bible School students!

This is our latest graduate Mr. Chaleurmphon Gongtam. He is now beginning his ministry by taking charge of an Akha village church that has lost its pastor. We are praying for his good success ministering to this village.

During August one of our graduates has moved to a nearby Hmong village to assume the pastorate. In this photo several students are helping him build temporary living quarters off the end of the church building.
