Our Bible School Student Brings Truth to His Church - Ten Baptized First Two Weeks!

Interpreting to Lahu

When is a Bible School not a Bible School ??? Answer - When it is an Evangelistic Church !

How valuable is a Foreign Missions Bible School for outreach? **VERY!** Mr. Chaiwoot (left) from a Lahu trinity church heard the Bible School advertisement to "Study Free at Area Bible School" and as he did not have enough money to continue his secular studies, he came to the Bible School, was converted, baptized in the Name of Jesus, received the Holy Ghost and brought us to help convert his former church. On the first day that the Bible School staff and we held a teaching service in this church, two ladies were re-baptized and during the next two weeks our student's parents and six others were re-baptized in the lovely Name Above All Names, The Name of Jesus!

Our School Superintendent Baptizing in the Name of Jesus!

Three-Thai-Church Revival!

In this northern area of Thailand the Bible School directly helps minister to twelve churches of which three each are ethnic Thai, Hmong, Lahu and Akha. During September the Bible School helped conduct a teaching and evangelistic revival for the three ethnic Thai churches. As a result, **nine were baptized** (photo lower right) and **two received the Holy Ghost!** This revival was a wonderful time of renewal and refreshing for everyone, as the photos below show. . .

Bro. Coolbaugh preaching on being sensitive to the Spirit in like manner as a wind chime is to a slight breeze. The worship each evening during the revival was wonderfully enthusiastic, and the baptisms administered in the Bible School decorative pond were thrilling to witness. **Thank you Partners for making all of this possible!**
